

## Royal Mysore Palace Tour - Mysore

The Mysore Palace, or more fondly known by the locals as The Amba Villas Palace, was originally constructed in the 14<sup>th</sup> century (then constructed and reconstructed several times). Built by king Yaduraya Wadiyar, this marvel displays a beautiful Indo-Saracenic revival style of architecture. Located at the heart of the city, the Palace faces the magnificent Chamundi Hills, to show the devotion of the Royal family to Goddess Chamundi. It served as the official residence of the Wadiyar family that ruled the Mysore State from 1399 to 1950.

With our culture ambassadors to guide you through the Palace, witness the royalty of the city like never before.
