

## GUJARAT

Our Gujarat experiences are different from any other. They are a combination of Royal Gujarat hospitality, up-close interactions with endangered, shy tribes and village folks that otherwise can be hard to plan into a tour program, the most delicious food experiences that might be cookouts, tastings... ; desert phenomenon like a visit to a desert forest sanctuary, birding, the magical white desert, lion-spotting; we also take you to the ship breaking yards to see where ships from around the world make their final stop; we take you to pilgrim towns like Palitana, tell you about the history and offer you customised programs suited to your interest; you visit venues of historical significance, like the Gandhi trail which followed the movement (within and without) in Gujarat.

This particular program is along the Eastern Circuit: Royal Families, History, Wildlife, and Tribes. Get a glimpse through our videos:
